## WHAT IS GOD DOING WITH US ?

*Therefore, my brothers, be all the more eager to make your calling and election sure. For if you do these things, you will never fall, 2 Peter 1:10*

During this period of time, God is working with us and strengthening us with His Holy Spirit, teaching us the importance of focusing in the calling He has given us. There are things that simply day by day, try to drift us away from the most important thing, that thing that God has especially called us to do. It is a fight to keep the right focus and so many distractions, good and bad, try to drift us into things that might be "trendy" but are not what God wants us to do.

But praise be to God for He has not left us alone! His Word and His Spirit are there to guide us if we want that clear direction from Him. Plus we are so blessed to have godly connections in our lives and we can ask and receive answers, we can get counsel and advice so that we know God has not left us alone, but there is His body, the Church, this great giant of God's power that is so well equipped with so many gifts we can receive from, if we only humble ourselves and ask.

We are standing in His Grace and Love, being spend for others as others have been spend for us. We are encouraged with all the things He is doing in us and Jesus is taking us in the next level of ministry for Him.

Because of a situation that we have gone through as a church some of our trips abroad were cancelled, and we realized that the church needed us here. Closed doors are sometimes God's direction and they help us to be at the right place, although we don't understand why. After a short time we realize that it was for the good of others and also for our own good. So praise God for helping us even when we don't understand situations and things around us.

## STREET EVANGELISM

One of the last words of Jesus is "Go and preach the Good News" and as we do that, He will continue to bless and save people. The evangelism group did two outreaches with Christian Movie Night, outside in the town square or student campus.

There are new people coming to church as the result of this and other street evangelism efforts. Two people have received Christ as a result of this project. Klara, the girl who is in charge of this has been working faithfully with a team to spread the Word. Two other people have come to the Lord also through friendship evangelism. Recently a Turkish man, who lives in Tirana, has heard the gospel and attended our church a few times. We are praying for him and giving him materials to read more about Jesus. The new believers have brought a refreshment into the church family.

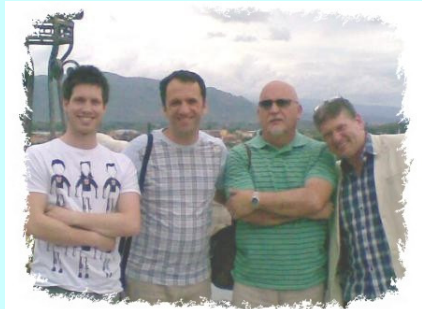

## HEARTBEAT MINISTRIES SEMINAR

During the period of June 15-24 we were blessed to have pastor John Peters who introduced us to Heart Beat Ministries from UK with prophet Alaric Hunt and Jamie Wither.. They together ministered in our church and Word Of Life Church in Tirana and

Elbasan church as well. The meetings were a great blessing for many believers, and the ministry of the Spirit in Prophecy and dream interpretation was awesome. There were also radio programs for 4 days in "Radio 7", a local Christian Radio, which reaches out to the people of Albania with the gospel.

We also believe that the time was just right for them to be here with the church and us. One of the testimonies we received on Facebook was about a women who had lost a child, and she was greatly comforted by the dream interpretation that Alaric gave to her. A believer in our church, who saw a dream with her family, received an interpretation that brought a freedom into her family, who were very resistant to the gospel but now they are more open to read Christian literature and her mother has decided to go to church. ## WORSHIP CD PROJECT

The CD project is continuing, but in Albania. It wasn't worth to go all the way to Sweden to do it, since one believer in our church has a studio and we are working with him on this project. There are 12 songs that I (Tomor) have made and it takes a lot of time to do the orchestration of each songs. But the main instruments have been put and Kristo, one of the worship team, will be working with this during the month of August. There is still a lot of work ahead of us, we need prayer support for the whole group, especially for Kristo who is working with music arrangements.

## POLAND CONFERENCE

This year like last year we attended the conference organized by pastor Paul Godawa, in Koszalin, Poland. We were so blessed to be under the ministries of Ted Yuke, Ryan Deaton and Duane White. It was a very important time of refreshing, encouragement, prophetic words and refilling. For us, it was one of the highlights of this year. The time we spend with pastor Paul and Joanna was a learning experience in itself. God has given them so much wisdom and we were so honored to receive advice from them.

We were served and blessed beyond measure, and also we were strengthened for the things we were facing in our ministry at that time. We met different pastors, Peter and Marsela Lysek from Czech Republic, and many others believers from other places.

Also we had time to spend with our friends, Renate and Chris and their family. It was a treat, sailing in their boat and eating Italian pizza made by Polish people. Yummy!

## VISIT 2 ENGLAND

We are looking forward to our visit in UK. We are trusting God for a great time with our friends and we are preparing ourselves to receive whatever He has for us.

From **15 of August to 15 of September** we will be visiting England and staying with friends at Thurrock Christian Centre. We are so glad for this time of rest and renewal of friendships that we have with people in TFC. Also there are other contacts that we are planning to visit during this time. Thank you TFC for all your support in this!

## PRAYER POINTS

*The effective, fervent prayer of a righteous man avails much. " (James 5:16)*

Please pray for:

- Our time in UK, with the church and the people we will meet, that God will lead us in everything.
- Victory Church in Tirana, during the time we are in UK, for protection and unity.
- CD project, that God will anoint Kristo and strengthen him as he makes the music arrangements ( since he works in a secular job too) and for finances to support this project.
- For new leaders to be trained during this Autumn who will be a strength to the church and a support for Miranda and me in ministry. ( We need new leaders in the church, and God has spoken to us about raising new leaders for the future. Believe with us that He will send people to support us in the church ministry)

**Thank you for your prayers and faithful support**
